Dear Course Participants,

we are looking forward to welcome you for the 9th International Osteosynthesis Trauma Meeting in Giessen, Germany.

During the course we will focus on the various osteosynthesis types that can be performed with the LOQTEQ* Anatomical Plating System. The relevant surgical techniques will be explained during the first day, so that on the second day practical experiences can be shared on a well-grounded theoretical knowledge. Please join us for an exciting workshop with active discussions and efficient exchange of experiences.
